

Paul Forsyth

Coach Paul Forsyth has spent 25 years at the IMG Bollettieri Tennis Academy working with talented juniors from around the world. Forsyth travels regularly, nationally and internationally, conducting clinics in an effort to promote the successful Bollettieri training strategies.

Forsyth's playing days were short, but were highlighted back in Peru when he became the number one player in Division I. He always shows great passion on and off the court, which is why players love to work with him.
